

Filing schedule of the Reference Document for the financial year ended March 31, 2018

Paris, August 14, 2018 - on Monday, July 9, 2018, the Atari Group published its provisional and unaudited consolidated annual financial statements for the financial year ended March 31, 2018, as prepared by the Board of Directors of July 5, 2018.

As indicated in this release, the revenue of the financial year ended March 31, 2018 is €18.0m, up €2.6m on the previous financial year, and includes €1.1m of license revenue related to the blockchain license granted to Infinity Networks Limited. The breakdown is analyzed as follows: (i) a fraction of the profit-sharing relating to the sales of tokens, i.e. €0.7m of which close to 50% has been collected by the Group since March 31, 2018; (ii) the valuation of the 15% stake in the capital of Infinity Networks Limited for €0.4m, based on a valuation established by an independent third party, Bond Lane, an American investment bank with huge experience in the domain of Entertainment and Blockchains. The Group continues to provide the Auditors with the information allowing them to conclude on these 2 points. This conclusion, and the impact, if any, on the provisional financial statements will be reported to the market once available. The Reference Document relating to this financial year will be filed with the French Financial Markets Authority (AMF) after the end of the audit procedures, issue by the Auditors of their related reports and approval by the Board of Directors.
