- k) decide and take any measure intended to protect the rights of holders of securities giving access to the existing capital as of the day of each capital increase;
 - l) record each capital increase and amend the by-laws accordingly;

Decide that, in the cases of disability of the beneficiary falling under the second and third categories provided for in Article L. 341-4 of the French social security code, or an equivalent case in a foreign country, the shares granted will be fully vested before the end of this vesting period and may be freely transferred;
8. Duly note that, in the event of a grant of free shares by issuing new shares, this authorization will, as the shares granted become fully vested, lead to one or more capital increases through the capitalization of reserves, retained earnings or additional paid-in capital for the benefit of the beneficiaries of these shares and a corresponding waiver by the shareholders of their preferential subscription right to these shares;

The shareholders at the Shareholders' Meeting authorize the Board of Directors, with powers to sub-delegate, under the conditions set out by law, to implement this resolution within the limits set by the legal and regulatory conditions in place, and notably:

- Determine if the bonus shares are existing shares or shares to be issued, and, if applicable, modify its choice before the final allocation of the shares;
- Set the list or the categories of beneficiaries of the shares;

- Set the performance requirements and the allocation criteria for the shares, notably the vesting period and the required holding period in particular for corporate officers of the Company and amend them, if applicable,
- Specify the ability to provisionally suspend the rights to bonus share grants;
- Proceed, if applicable, with all necessary amendments to the rules of the allocation plans, in accordance with the law;
- Record the final allocation dates and the dates from which the shares may be freely transferred;
- Proceed to make, when applicable, during the vesting period, adjustments to the number of shares in order to maintain the rights of beneficiaries, it being specified that shares received as a result of these adjustments are deemed to have been allocated the same day as the shares initially granted;
- In the case of the issuance of new shares, allocate, if applicable, to the reserves, retained earnings or share issue premium accounts, the amounts necessary to pay up the shares, record the capital increases carried out pursuant to this authorization, make the corresponding amendments to the Articles of Association; and generally
- Undertake everything that is necessary and conclude all required agreements to successfully complete the envisaged allocations.

This delegation of authority is valid for a maximum period of twenty-six (26) months from the date of this General Meeting.

Resolution 23: Authorization to be given to the Board of Directors to issue, on one or more occasions, warrants giving the right to subscribe to new ordinary shares of the Company, without preferential subscription rights for existing shareholders, for the benefit of certain specific categories of persons

Decide to cancel the preferential subscription rights of shareholders and to reserve the subscription of said BSA for the benefit of individuals or legal entities fulfilling one of the following criteria:

- Members of the Board of Directors or non-voting members of the Board of Directors in office at the date of allocation of the BSA
- Individuals or legal entities linked to the Company by a consulting or service agreement

- Members of any committee set up by the Board of Directors or that the Board of Directors may set up, who are not employees or officers of the Company

Duration of the Board of Directors' authorization	This authorization is granted for a period of 18 months from the date of the General Meeting, and includes, for the benefit of the beneficiaries of the BSA, the express waiver by the shareholders of their preferential subscription rights to the shares to be issued as and when the BSA are exercised, in accordance with the provisions of article L. 225-132 paragraph 6 of the French Commercial Code. They will be entitled to dividend rights from the final date of completion of the capital increase.</p>
BSA subscription price and use of an expert	The subscription price of BSAs will set by the Board of Directors in light of the report by the independent appraiser appointed by the Board of Directors.
Share subscription price upon exercise of the BSA	The subscription price of the underlying ordinary shares will be set by the Board of Directors, and will be at least equal to the volume-weighted average share price over a period selected by the Board of Directors comprised between three (3) and twenty (20) consecutive trading days prior to the setting of the subscription price, which may, at the discretion of the Board of Directors, be subject to a maximum discount of fifteen percent (15%), it being understood that it will have to take into account, if applicable, the subscription price of the BSA.

Exercise period of the BSA	The exercise period of the BSA will be freely set by the Board of Directors at each issuance of BSA, within a limit of ten (10) years following their allocation, when they will automatically expire.

4. Decide that the maximum nominal amount of the capital increases completed pursuant to this delegation will be applied towards the global limit set by the twenty-fourth resolution;
5. Decide to grant all authority to the Board of Directors to implement this resolution and notably, without this list being exhaustive, for the purpose of:

 - providing for, if it deems it appropriate, the temporary suspension of the exercise of the BSAs in accordance with the provisions of Article L. 225-149-1 of the French Commercial Code,
 - providing for, if it deems it appropriate, the fate of the unexercised BSAs in the event of the absorption of the Company by another company,

 - managing the BSAs within the limits of the provisions of the law and in particular taking all necessary disclosure measures and, if necessary modifying the terms and conditions and/or the BSA plan and ensuring that they are remitted to each of the beneficiaries of the BSAs subject to the provisions falling within the remit of the Shareholders' Meeting and taking any necessary or appropriate decisions in connection with the management of the BSA plan,
 - accomplishing or having accomplished all acts and formalities that may result from the implementation of this authorization, amend the bylaws and, in general, do all that is necessary,

- collecting, if applicable, requests to exercise BSAs and creating and issuing a number of new ordinary shares equal to the number of BSAs exercised,

2. Decide that the total amount of the capital increases that may be carried out in this way, increased, where applicable, by the amount necessary to preserve the rights of holders of securities giving access to capital in the event that free shares are allocated, may not exceed the amount of the reserves, share premiums, or profits set out above existing at the time of the capital increase and shall not be applied toward the total limit set by the twenty-fourth resolution of this General Meeting.

Resolution 26: Delegation of authority to the Board of Directors to decide on a reverse share split of the Company's shares

The shareholders at the Shareholders' Meeting, acting under the conditions of *quorum* and majority required for Extraordinary Shareholders' Meetings, having reviewed the report of the Board of Directors, in accordance with Articles L. 225-96 and R. 228-12 of the French Commercial Code, Decree n° 48-1683 of October 30, 1948, amended by Decree n° 2015-545 of May 18, 2015 and Order of December 6, 1948, adopted pursuant thereto, after indicating that the share capital of the Company amounts, on the date of August 31, 2021, to 3,060,274.29 euros, divided into 306,027,429 shares with a par value of one penny euro (€0.01) each:

1. Decide to delegate to the Board of Directors with powers to sub-delegate to the Chief Executive Officer the authority to proceed with the reverse share split of the shares forming the Company's share capital;
2. Decide to grant full powers to the Board of Directors, with the authority to sub-delegate, in order to:
 - implement or suspend this delegation of authority;
 - determine the exchange ratio and notably the number of old shares with a par value of one euro cent (0.01€) to be exchanged for one new share (with a par value to be determined by the Board of Directors at the time of implementation of this delegation of authority)
 - set the date of beginning of the reverse split transactions, which will take place at the earliest at the end of the fifteen (15) day period following the date of publication of the notice of reverse split to be published by the Company in the Bulletin des annonces légales obligatoires (BALO);
 - conclude all agreements with any financial intermediary to facilitate the reverse split transactions, and in particular the centralization of fractional shares and the sale of the shares corresponding to the rights forming fractional shares;
 - set the exchange period within a limit of thirty (30) days as from the date of beginning of the reverse split transactions set by the notice of reverse split published by the Company in the BALO referred to above;

- suspend, if necessary, for a period not exceeding three (3) months, the exercise of securities giving access to the capital in order to facilitate the reverse split;
 - make all adjustments to the rights of beneficiaries of stock options, bonus shares and securities giving access to the capital as a result of the reverse split, pursuant to applicable laws, regulations and contractual provisions;
 - record and determine the exact number of shares that will be split and the exact number of new shares that may result from the reverse split;

 4. Acknowledge that the new shares will immediately benefit from double voting rights, if they are held in registered form, and if, on the date of the reverse split of the former shares from which the new shares are derived, each of these former shares carried double voting rights. In the event of a reverse share split of former shares that have been recorded as registered shares since different dates, the time period for determining whether the new shares carry double voting rights will be deemed to begin on the most recent date on which the former shares were recorded as registered shares. As a result, the acquisition of a fractional right will result in the loss of the double voting right that would have been attached to the former shares or their seniority, in light of the relevant period for benefiting from this right;
 5. Acknowledge that at the end of the reverse split period, the shares that have not been reversed split will lose their voting rights and will no longer be included in the calculation of the quorum and their rights to future dividends will be suspended.
